SUMMARY

CS undergraduate (CGPA 8.93) building applied AI/ML and NLP systems — LLM-integrated tools, classification pipelines, and automation agents shipped as working prototypes, not just coursework. AWS Machine Learning Foundations certified. Looking for an AI/ML internship where I can own a feature end-to-end.

TECHNICAL SKILLS

Languages: Python, Java, C, SQL
ML / AI: Machine Learning, Deep Learning, NLP, Generative AI, LLMs, TF-IDF
Frameworks / Libraries: NumPy, Pandas, FastAPI, Streamlit
Tools & Cloud: Git, GitHub, VS Code, Jupyter Notebook, AWS SageMaker

PROJECTS

Finance Agentic AI GitHub	2026
<i>Tech: Python, Agno, Groq, YFinance, DuckDuckGo Search</i>	
- Built a multi-agent financial assistant that provides live stock prices, financial analysis, analyst recommendations, and latest company news through natural-language queries. - Integrated YFinance and DuckDuckGo Search as external tools, enabling agents to retrieve real-time market data and relevant financial information for analysis. - Used Agno with Groq-powered LLMs to orchestrate agent-based reasoning and deliver concise, data-driven financial insights to users.	
Email Auto-Reply Suggestion System GitHub	2026
<i>Tech: Python, NLP, TF-IDF, Machine Learning, FastAPI, Streamlit</i>	
- Built an email classification and reply-suggestion system covering 4 intent categories, trained on 50,000 labeled email samples. - Implemented text preprocessing and TF-IDF vectorization with a Linear SVM classifier, achieving 90.15% accuracy on the test set. - Developed a role-based reply generation engine that produces professional, context-aware email responses for roles including HR, Manager, Professor, Client, and Employee. - Shipped a FastAPI backend with an interactive Streamlit frontend featuring To/From fields, intent prediction, role detection, confidence scoring, and full-format email reply generation.	

CERTIFICATIONS

- Oracle Certified Foundations Associate — Agentic AI, Oracle — August 2026 - AWS Academy Graduate — Machine Learning Foundations (20 hrs), Amazon Web Services — June 2026 - AWS Academy Graduate — Machine Learning for Natural Language Processing (20 hrs), Amazon Web Services — July 2026 - Cloud Collaborative Machine Learning — NIST University — June 2026
--

EDUCATION

NIST University, Berhampur, Odisha — B.Tech, Computer Science Engineering	2024 – 2028
<i>CGPA: 8.93 (through 4th Semester)</i>	
Kendriya Vidyalaya, Berhampur, Odisha — CBSE Class X	2021 – 2022
Kendriya Vidyalaya, Berhampur, Odisha — CBSE Class XII (Senior Secondary)	2023 – 2024

CONFERENCES & WORKSHOPS

- India AI Impact Summit 2026 — Pre-Summit Workshop, IIT Bhubaneswar: sessions on LLM architecture, responsible AI, and AI cybersecurity. - International Conference on Air Defence and Security (ICADS-26), NIST University — organized with Army Air Defence College, IEEE, and DRDO (Feb 2026).
